Public Comment:

Citizens from the Crooked Lake area came to voice their concerns about allowing hunting on the 72 acres of the Mitchell Township property. The Citizens were concerned about the use of firearms in such a limited area with the main road into Crooked Lake running through the Township property. The Board listened to all the objections, as well as accepted letters from citizens that could not attend. The Board told them that a final decision had not been made because we hadn't seen the map of the designated area yet. The Board had decided to explore the option of the Hunting Access Program through the DNR Grant Program to bring funds in for improvements to the Township Park.
